

Associated Materials Named 2025 ATD Champion of Learning

Cuyahoga Falls, Ohio – April 14, 2026 – Associated Materials has been named a 2025 Champion of Learning by the Association for Talent Development (ATD) for the second year in a row, recognizing the company’s organization-wide commitment to employee growth and development.

ATD’s Employee Learning Week is a global initiative held the first week of December each year that encourages organizations to demonstrate their commitment to talent development. Associated Materials participated for the second time and was recognized for its ongoing efforts in embedding development as a shared, everyday responsibility essential for driving the growth and success of the organization.

During Employee Learning Week, Associated Materials highlighted the theme, “Why Learning Matters,” offering opportunities to explore how learning sparks growth and opens new possibilities, including:

- **Participated in learning webinars:** Joined interactive sessions on key development topics, gaining practical insights and engaging with subject matter experts.
- **Revisited the Competency Guide:** Explored the core competency framework to better understand role expectations, career paths, and required skills.
- **Utilized interview and hiring tools:** Leveraged structured guides and resources to strengthen hiring practices and align talent decisions.
- **Engaged with on-demand learning resources:** Accessed a broad library of materials to support continuous, self-paced development.
- **Celebrated the launch of AMI Resource Hubs:** Opened dedicated spaces with computers and internet access, expanding access to the LMS and development resources for offline employees.

"It's an honor to be recognized by Association for Talent Development, and a privilege to support our team in growing their skills and their careers while embedding learning into how we operate every day," said Andrew Solomon, Director of Talent Development, Associated Materials.
